

25KV LEVEL A NOMINATED PERSON

Initial Training: 10 days

Recertification: 1 day

This module is designed to train persons who are responsible for undertaking isolation's on AC OLE (Overhead Lines Electrification) in their daily work and helps to develop a person's knowledge, understanding and skills as defined in competence standards listed below and is therefore particularly suited to persons required to prove their competence in these areas.

The Level A (Nominated) Persons is required to hold all the units in Level B which are OLE 13,14,15 and 17 and in addition: OLE 16 - Managing the Isolation and Earthing of OLE.

To instruct delegates how to determine and fulfil their role and responsibilities when undertaking Level A (Nominated) Person duties and this course is designed to ensure delegates are fully aware of the dangers that can arise in the course of Level A (Nominated) Person's duties.

Successful completion of this course does not mean the delegate is allowed to carry out Level A (Nominated) Person duties, unless under direct supervision of a mentor during their probationary period, until they have been assessed by a licensed assessor as competent to do so in accordance with NR/L2/CTM/014. The successful completion of this course can be used as supporting evidence of competence to reach the level required in NR/L2/CTM/014.

Pre-requisites & Requirements

First Aid of Electrical Accidents course and hold current certification. Currently hold a valid Level B (Authorised Person) certification in the relevant competence at Level 3 (competent).
